

with Toni Shelbourne

**A hands-on, introduction Workshop where the aim is to give the opportunity to practice with each other and with participating dogs so that everybody takes some practical skills away from the course.**

The Workshop will therefore only be suitable for 'teacher dogs', who will be happy to spend time in the hall working with people and time in the car or an indoor kennel to rest, without becoming unduly stressed, reactive or proactively aggressive towards other dogs or people. You do not have to bring a dog to these workshop to participate fully as both Handler and Spectator places are available.

Toni studied under Linda Tellington - Jones and other top Tellington TTouch Instructors to become a registered Level 3 Tellington TTouch Companion Animal Practitioner. She is one of the highest qualify Practitioners in the UK.

Toni has appeared along side Sarah Fisher in the hit TV series 'Talking to Animals' and has also been featured in articles for 'Dogs Today' and 'Your Dog' magazine.

Toni works with all animals including dogs, cats, small animals, birds, horses, reptiles, wild life and non-domesticated animals. For ten years she worked with socialised wolves at the UK Wolf Conservation Trust as a senior handler and education officer although left in 2011 to concentrate on her TTouch work and writing. Toni now writes for national dog magazines and has just completed her first book, 'The Truth about Wolves and Dogs, (Dispelling the Myths of Dog Training), which will be available in 2012.
